

ACADEMIC COORDINATORS' CIRCULAR NO. 1
School Year 2021-2022

September 6, 2021

Dear Parents/Guardians,

Benedicite!

Welcome to school year 2021 - 2022. We are full of joy and gratitude in our heart knowing that you have once again put your trust to SAA as your partner in the holistic development of your child/ward. We were able to surpass the challenges in navigating the new set up of learning last school year because of your support and collaboration with us. Indeed, education will continue no matter the circumstance is. As a Level III PAASCU accredited school and Benedictine institution, we continue our mission on honing Agnesian students who are resilient and equipped with Benedictine values for them to face challenges brought by different circumstances not only during a pandemic.

As we begin another learning year, we are optimistic and hopeful that our enhanced Instructional Program will improve student leaning and engagement.

For this school year too, the Learning Management System of the school thru AraLinks, the Parents Portal and the official Facebook page will again be the main platforms where announcements, advisories and guideline be released. A monthly circular will still be issued through the mentioned platforms to keep you posted on the activities in school.

For your reference and guidance, please refer to the IBED Primer.

Please be informed of the following scheduled activities for the month of September:
